HELLO! Thank you so much for your purchase :) I love drawing and creating unique teaching sets, and hope you and your students, enjoy the colouring sheets!

This file contains 4 colouring pages, so you can choose the best fit for your students. Each of the pages contains a blank box for adding text, which is the editable component. This is a great place to add a student's name or message, for a personalized 'welcome back' coloring page.

If you would like to use the same font as in the samples above, they are available for free, for personal use, at [fontspace.com/kimberly-geswein](https://www.fontspace.com/kimberly-geswein)

The fonts used are:

KG Primary Dots

KG The Last Time Bubble

KG Miss Kindergarten

Please note, this resource is for personal classroom use by the original purchaser or licensee. All rights reserved by Tanya Baker @ IntergalacticLiteracy.com. This resource is an editable Power Point File. Only the white box field is editable. The graphics and text are locked. You can use versions of PowerPoint from 1997 onwards to edit this document.

If you have any questions or wonderings about this resource, I am happy to help!

Please send messages to Info@IntergalacticLiteracy.com
